

Desk/5000

Speed-up check-out at the counter,
even in the most demanding environments

- Provide a robust design for demanding situations
- Enable multiple alternative payment methods
- Manage easily space constraints at the counter thanks to a seamless connection to PIN pads Series

The Desk/5000 covers the most demanding use cases at the merchant's counter. With the ability to connect to other POS devices - including the Desk/1000 series PIN pads for richer customer interactions - Desk/5000 is focused on payment in all forms.

Robust design for demanding environment

The responsive keypad improves PIN entry combined with the advanced outer casing make the Desk/5000 very robust, to suit with the most demanding situations.

Optimized check-out with PIN pad series

The compact Desk/1000 series can connect to Desk/5000 terminal - saving space on the worktop and speeding up the checkout.

Highest security

The Desk/5000 is certified and fully compliant with the latest global and local PCI regulations. The Telium TETRA OS has been future-proofed with top-of-the-line cryptography software and Ingenico's world-class peer-to-peer encryption technology to keep data safe.

Maximized network availability

This terminal can connect to a wide range of networks, including ethernet and modem support, as well as wireless connections through 3G, GPRS, Dual SIM, Bluetooth and WiFi - all fully optimised so that a connection will always be viable.

Optimal user-experience

The terminal's intuitive user interface - including powerful multimedia capabilities and a large 3.5 inch colour touchscreen - provides best-in-class experiences for customers.

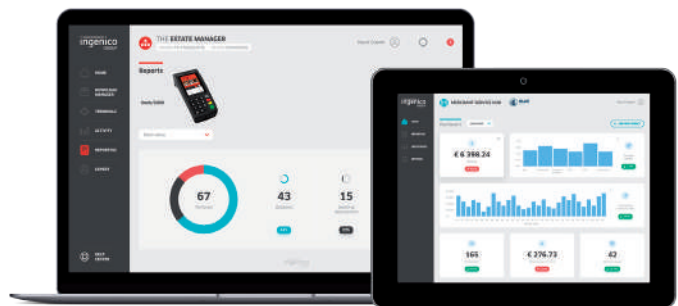

Sustainable design and packaging

Our state-of-the-art manufacturing techniques enhance the recyclability of this terminal range. Paper consumption has been reduced on the Desk/5000 thanks to new digital receipt solutions and digitised product documentation.

Compatible with Ingenico's suite of services

Keeping the solutions connected, the Desk/5000 works in unison with Ingenico's supporting service platforms, meaning merchants will have access to business services such as back office reporting and e-receipt management. Software updates and day-to-day support deliver a hassle-free experience for those using this innovative range.

The Desk/5000 is supported by our Cloud Services

Processor	• Application & Crypto processor	• Cortex A5	•
