

# Latitude 7480 Laptop

---

[Watch Video](#)

---

## More mobile than ever

Thinner, lighter, with a premium design...

Featuring a 14" FHD or *optional* QHD Narrow Border touch display, this laptop features a 6% smaller footprint than previous versions, and weighs only 3.01lbs and includes bottom load keyboard. Saving space has never been easier.

## Premium materials

The unibody design provides a clean and seamless exterior with superior structural performance. Finished with soft-touch paint and an optional woven carbon fiber\* back cover.

---

## All-day power

Work confidently with a laptop equipped with all-day battery life and improvements to both web browsing and video playback time.

## Power your performance

Equipped with an Intel® 7th Gen ultra-low volt (U) for increased performance and M.2 256GB SATA Class 20 Solid State Drive. (*Standard is i5-7300U Dual Core, 2.6GHz*)

**Reliable:** Features a durable, built-to-last chassis that has undergone extensive military-grade MIL-STD 810G testing that ensures your system can withstand real-world conditions.

---

## Options available in MinerMall:

### One dock for all

The Dell Dock is compatible with select Dell laptops, workstations, tablets and many compatible non-Dell devices with USB-Type CTM port(s) having data, video, and power capabilities. Easily connect to displays, a mouse, keyboard and audio devices through the Dell Dock from your compatible system of choice. The Dell Dock is small size-just 6.1 x 4.3 x .83 inches-and has one single cable.

### Dell 24 Video Conferencing Monitor

This 23.8-inch video conferencing monitor is ideal for collaborating and is Certified for Microsoft® Skype® for Business.

With the 2MP Full HD infrared sensor camera, you can engage in meetings and the camera shutter offers extra privacy when not in use.

Experience first-class video conferencing with a noise-cancelling mic and two 5W integrated speakers deliver crystal clear audio, so you never miss out during a meeting.

Do more during your workday with Easy Arrange features, a narrow border, and hands-free commands with Microsoft Cortana.

The fully adjustable stand pivots, tilts, swivels and adjusts to height for a completely customized viewing experience. A separate power adapter isn't required, letting you plug in and charge up with a single cable. Easily connect to various devices with versatile connectivity options, including VGA, DP, HDMI, USB3.0, USB 2.0, and the headphone and mic combo jack.

Dell 24" non-multimedia monitor also offered in MinerMall.
